Central Board of Football Officials Explain Interpretation of Tackling Player Carrying Ball.

MANY COACHES ATTEND MEETING

New York, Sept. 20.-The most important decision made by the football coaches and officials at the interpretation meeting at the Biltmore Hotel was o in relation to a player being tackled. Heretofore a heavy tackier could throw a player carrying the ball back several 6' yards before he was downed. Under the new interpretation the benefit is thrown E to the offense and the player carrying
the ball will be declared down at the point where he is first tackled. This in-

It will be remembered that when Chicago played in the Capital two weeks ago, Fournier, unaided, won a couple of games by cracking out home runs. In discussing the great outfielders of the present day, Speaker, unlike some persons of his lik, refused to talk about himself, and everybody knows that Tristam is about the best little fielder the game ever produced.
